Visit [www.naeop.org](http://www.naeop.org)

When you join NAEOP, you are joining a national association dedicated exclusively to the educational office professional. NAEOP's leadership is actively working in educational offices across the nation. They are working in our schools, state departments, and institutions of higher learning.

At our national conference, we hold sessions to facilitate your networking with educational office professionals in your specific area of work. In addition, you belong to a geographic area that provides learning and networking opportunities. Our Area Directors and Council Chairmen communicate with you throughout the year using quarterly emails, NAEOP social media sites, and our website ([www.naeop.org](http://www.naeop.org)).

Our Professional Standards Program, a multi-level professional certification program, is recognized by local districts, state education departments, and higher education institutions across the country. This program culminates with earning our highest distinction, Certified Educational Office Employee (CEOE) or Certified Educational Support Employee (CESE).

NAEOP offers you a variety of ways to be involved and contribute to the association, as a whole; to the members as individuals; and your local community, with involvement in your local district or state association activities.

- Contribute your talents and ideas by serving on one or more of the national standing committees.
- Contribute your time by being an active member. Consider serving in an elected or appointed position.
- Share your experiences, offer information, and network.
- Contribute to your local communities through involvement and volunteering to serve in your local or state association activities.

Join us to learn how you can make a difference.

NAEOP offers you numerous opportunities to develop both personally and professionally.

Continue your personal growth by serving on the national board of directors or a committee.

Become the difference as you:

- Grow in confidence with a variety of people nationally.
- Develop leadership skills.
- Improve your skills as you share your talents and learn new ones.
- Build mutually beneficial mentoring relationships with others from around the country.
- Access others' best practices.
- Add the richness of networking to your life.

***As a 3D AEOP member, I have taken advantage of the opportunities provided at the local, state, and national levels to learn and grow professionally. One of the great things about education is it does not have an expiration date, and what you learn is yours for a lifetime. B. B. King said, "The beautiful thing about learning is nobody can take it away from you." The learning experiences I have gained through NAEOP are mine to keep and to share. This is something I will always treasure.***

***~Nona Montoya, CEOE, South Carolina  
2019 NAEOP Educational Office Professional of the Year***
